

**AQUA-GUARD OPENS NEW PARTNERSHIP IN BEIJING, CHINA**

## Much more than the Olympics starting up in China this summer

Aqua-Guard has partnered up with Beijing Fullstar Chemical Company to market, sell and service Aqua-Guard solutions in China and Hong Kong. We feel this partnership will help solidify our entire operations in Asia.

With Beijing Fullstar Chemical Company's strong industry relationships, vision and technical staff, coupled with Aqua-Guard's experience and exemplary product line, we feel this partnership will no doubt be successful.

We would like to take this opportunity to welcome Kevin and all his staff at Beijing Fullstar Chemical to the Aqua-Guard Global Team.

▲ Kevin Wang, President, Fullstar Chemical Company and Mark Sundin, Chief Operating Officer, Aqua-Guard, agree to the new partnership.

**SAVANNAH GEORGIA INTERNATIONAL OIL SPILL CONFERENCE AND TRADE SHOW A HUGE SUCCESS**

This year's IOSC show was the perfect stage for the official launching of our new TRITON™ Technology. This premiere viewing not only attracted many customers, but competitors as well. The interest has been overwhelming. We would like to thank all of you who stopped by our booth during the show to see the new products and to speak with our staff. We look forward to hearing from you again soon.

## NEW RBS TRITON™ 05

**INCREASED PERFORMANCE AND LIGHTER WEIGHT WITH TRITON™**

Once again, our customers have spoken. The feedback we received in the past year from our customers about our previous RBS TRITON™ 05 skimmer was loud and clear. Changes have been made and testing is now complete.

For special pricing please contact our sales staff for details.

*"The new RBS TRITON™ 15 skimmer with the new and recently patented TRITON™ technology attracted not only the interest of our customers, but the interest of our competitors as well."*

**Nigel Bennet**, Co-founder/Principal of Aqua-Guard Spill Response Inc.

## AQUA-GUARD PARTICIPATES IN BRITISH COLUMBIA'S Clean Technologies Trade Mission to China and South Korea

British Columbia's Premier Gordon Campbell led a delegation of British Columbia companies to Seoul and Beijing during the week of May 19-23 to address the need and benefits of exporting B.C.'s environmental technology companies to this region.

Aqua-Guard and other B.C. companies committed to Korean and Chinese markets in the areas of environmental technologies and services presented their expertise in both Seoul and Beijing in the framework of this high profile Trade Mission, which also kicked off the official opening ceremonies of the B.C. Canada Pavilion in Beijing.

With increasing focus on environmental issues, Asia represents an important market for B.C. environmental technology and service companies.

### 2009 Events

To book a meeting time for uninterrupted discussions, during any show, please email [sales@aquaguard.com](mailto:sales@aquaguard.com), indicating your name, company, email, other contact information and your preferred meeting date and time, and which products or solutions you are interested in.
