

Aqua-Guard's 40th Anniversary Open House & Globe 2008 "A Huge Success!"

▲ Aqua-Guard's Nigel Bennett and Lawrence Pertile at the Open House

Our 40th anniversary Open House event prior to the start of Globe 2008 was a great opportunity to invite our many long standing international customers, suppliers and other business partners to our facility in North Vancouver, Canada. We took this opportunity to introduce our staff and our latest products and services, including the new RBS TRITON™ technology to guests from Russia, Japan, Taiwan, Venezuela, Columbia and the U.S.A. to name a few.

We would like to thank all those who visited our booth at Globe 2008 and our special guests who attended our Open House prior to the show.

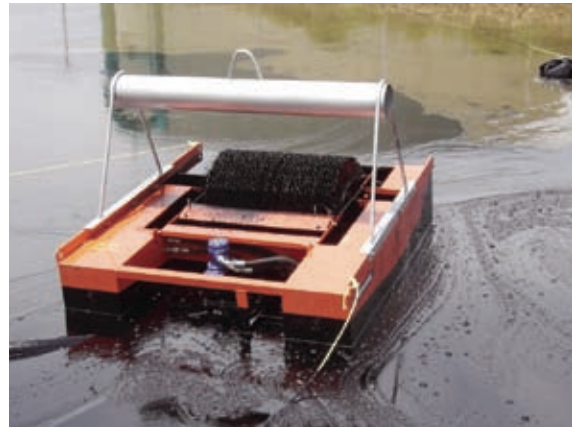

RBS TRITON™ – outperforms anything in today's market

We would like to take this opportunity to remind you of our recently patented breakthrough oil skimmer technology: the RBS TRITON™ range of skimmer solutions.

The RBS TRITON™ is the latest generation of Aqua-Guard's renowned skimmer technology which dramatically improves recovery capability over a broad range of oil viscosities from light to heavy crude oils.

RBS TRITON™ = 1 Barrel < 4 Seconds

- ▶ Over 300% more capacity than previous RBS Skimmers
- ▶ Up to 98% recovery efficiency
- ▶ DNV witnessed recovery rates (to ASTM standard)
- ▶ Interchangeable Brush, Disc and Drum recovery modules
- ▶ Patented technology (U.S. Patent 7,303,688)
- ▶ ISO 9001:2000 compliant
- ▶ Available as an upgrade package

▲ One of many RBS TRITON™ 15's used in over 10 countries in 2007/8

WITNESSED RECOVERY RATES (WITH BRUSH MODULE)

| SKIMMER MODEL | PREVIOUS RBS US bbls/hr (m³/hr) | RBS TRITON™ US bbls/hr (m³/hr) | % INCREASE |
|----------------|------------------------------------|-----------------------------------|------------|
| RBS TRITON™ 10 | 138 (22) | 396 (63) | 286% |
| RBS TRITON™ 15 | 252 (40) | 950 (151) | 378% |

Det Norske Veritas (DNV) witness of tests conducted in November 2007 to the ASTM-F-631-99 standard guide for collecting skimmer performance data in controlled environments.
