AQUA-GUARD HELPS CUSTOMERS BEAT THE RECESSION.

Aqua-Guard's line of mid sized patented skimmers are selling quicker than Aqua-Guard can produce them. Aqua-Guard's highly experienced staff are working directly with clients to make sure they are receiving the best skimming technology (RBS TRITON™) at the best value for their money during these difficult times.

The mid sized RBS TRITON™ 60, 150 and 300 models fit the exact niche clients require which includes: high and efficient recovery rates, smallest foot print and weight and best value for their money. (all skimmers have been tested to ASTM standards with results witnessed by ABS & DNV):

MODEL	RECOVERY (m3/hr)	FOOT PRINT (l x w x h)
RBS TRITON™ 60	60+	42" x 48" x 20" (1.07 x 1.22 x 0.50 m)
RBS TRITON™ 150	150+	72" x 56" x 36" (1.83 x 1.42 x 0.92 m)
RBS TRITON™ 300 (shown above)	300+	80" x 76" x 53" (2.03 x 1.93 x 1.35 m)

We are very pleased with the recent spike in sales of our mid sized skimming systems. Our patented RBS TRITON™ skimmers fit the exact niche and price that our client's need in these tough times.

SUPPLY & TRAINING

Aqua-Guard supplies large equipment package and training to refinery in Peru

Equipment package:

- Airflex offshore neoprene boom and containerized reel systems.
- Patented RBS TRITON™ oil skimming systems.
- Floating oil storage tanks (SeaTanks)

Supply and Training a complete success thanks to Aqua-Guard's local support network.

"The training completed by Aqua-Guard's latin American team was a complete success. It was a pleasure to work with PETROPERU's personnel and we look forward to working with them on an ongoing basis."

Francisco (Paco) Jimenez - Regional Manager Latin America

The Aqua-Guard Latin American Team with PETROPERU personnel.
