

Aqua-Guard RBS TRITON™ 20 Oil Skimmer Now Available

For the past 15 years, Aqua-Guard Spill Response has supplied over 1,000 RBS Skimming systems to customers.

Now is your opportunity to purchase our **New RBS TRITON™ 20** light-weight oil skimming system which includes our patented (U.S. 7,303,688) **RBS TRITON™ technology** which has already been proven in many international oil spill recovery operations with outstanding performance.

The **RBS TRITON™ 20** features high recovery capacity (20m³/h) and can be deployed by a single person. The skimmer head, diesel/hydraulic power pack and hoses can be stored inside an optional fish tote for ease of storage and transport.

RBS TRITON™ 20 Summary

Features	RBS TRITON™ 20	Comments
Brush Recovery Rate (m ³ /h)	20 m³/h	Extensive R&D of oil recovery resulted in RBS TRITON™ patented technology with increased recovery rates compared to existing skimmers.
Patented Technology	U.S. 7,303,688	Patent Aqua-Guard - Pertile et al. effective Dec 4, 2007
Witnessed 3 rd Party Testing	ABS & DNV	ABS (American Bureau of Shipping) and DNV (Det Norske Veritas) – extrapolated results tested to the ASTM-F631-93/99 standards.
Brush Diameter	13.5"	Increased brush diameter results in increased freeboard and oil recovery rate
Back Scraper	Included	Allows for recovery of light and heavy oils
Dimensions (L x W x H)	61 cm x 55.9 cm x 35.6 cm (24 in x 22 in x 14 in)	Compact skimmer head reduces storage requirements.
Weight	22.7 kilograms (50 pounds)	Light-weight for single person deployment.
Diesel/Hydraulic Power Pack	Included	4.8hp diesel engine drives a hydraulic pump which powers the skimmer head.
Fish Tote Package	Optional	Allows the entire RBS TRITON™ 20 system to be stored and shipped in a single fish tote container 1.2m x 1.2m x 0.9m (47" x 47" x 35") for ease of storage and transport.
Pumps and Hoses	Optional	Cost effective pump solutions including oil transfer hoses are available.
